

THE

VICTOR 1955

Foreword

The Class of 1955 has chosen, as its theme, victory, symbolically portrayed by bells.

Throughout history bells have symbolized victory. Just as our church bells represent the victory of light over darkness, as the liberty bell symbolizes the victory of freedom over oppression, and as the bells in school towers across our land stand for victory of enlightenment over ignorance, so for us of the Senior Class the Erie Bell symbolizes our most outstanding school victory of the year.

This coveted prize, donated by the Erie Railroad to be awarded annually to the winner of the traditional Port Jervis-Middletown Thanksgiving Day football game, is a relentless reminder to us that today, as throughout history, we win our significant victories through team work, hard fighting, and an abiding respect for the rules set down by our society.

PORT JERVIS, NEW YORK

MR. PAUL MATEYAK

With Respect We

DEDICATE OUR YEARBOOK to the memory of
MR. PAUL MATEYAK whom, we feel, deserves greater honor
than we can attribute to him.

Mr. Mateyak came to Port Jervis in the fall of 1950
to teach World History. He became assistant coach of the
football team and head coach of the basketball team.
Everything he engaged in was done with pride and accuracy.
His feeling was that if a task was worth doing, it was worth
doing to the best of one's ability. In all instances, Mr. Mateyak
proved to be a man of high standards, character, and ability.

It didn't take him long to become familiar with Port Jervis
and its people. In his endeavor to promote community activity,
he worked with the Y.M.C.A., the Little League and
the Dutch Reform Church.

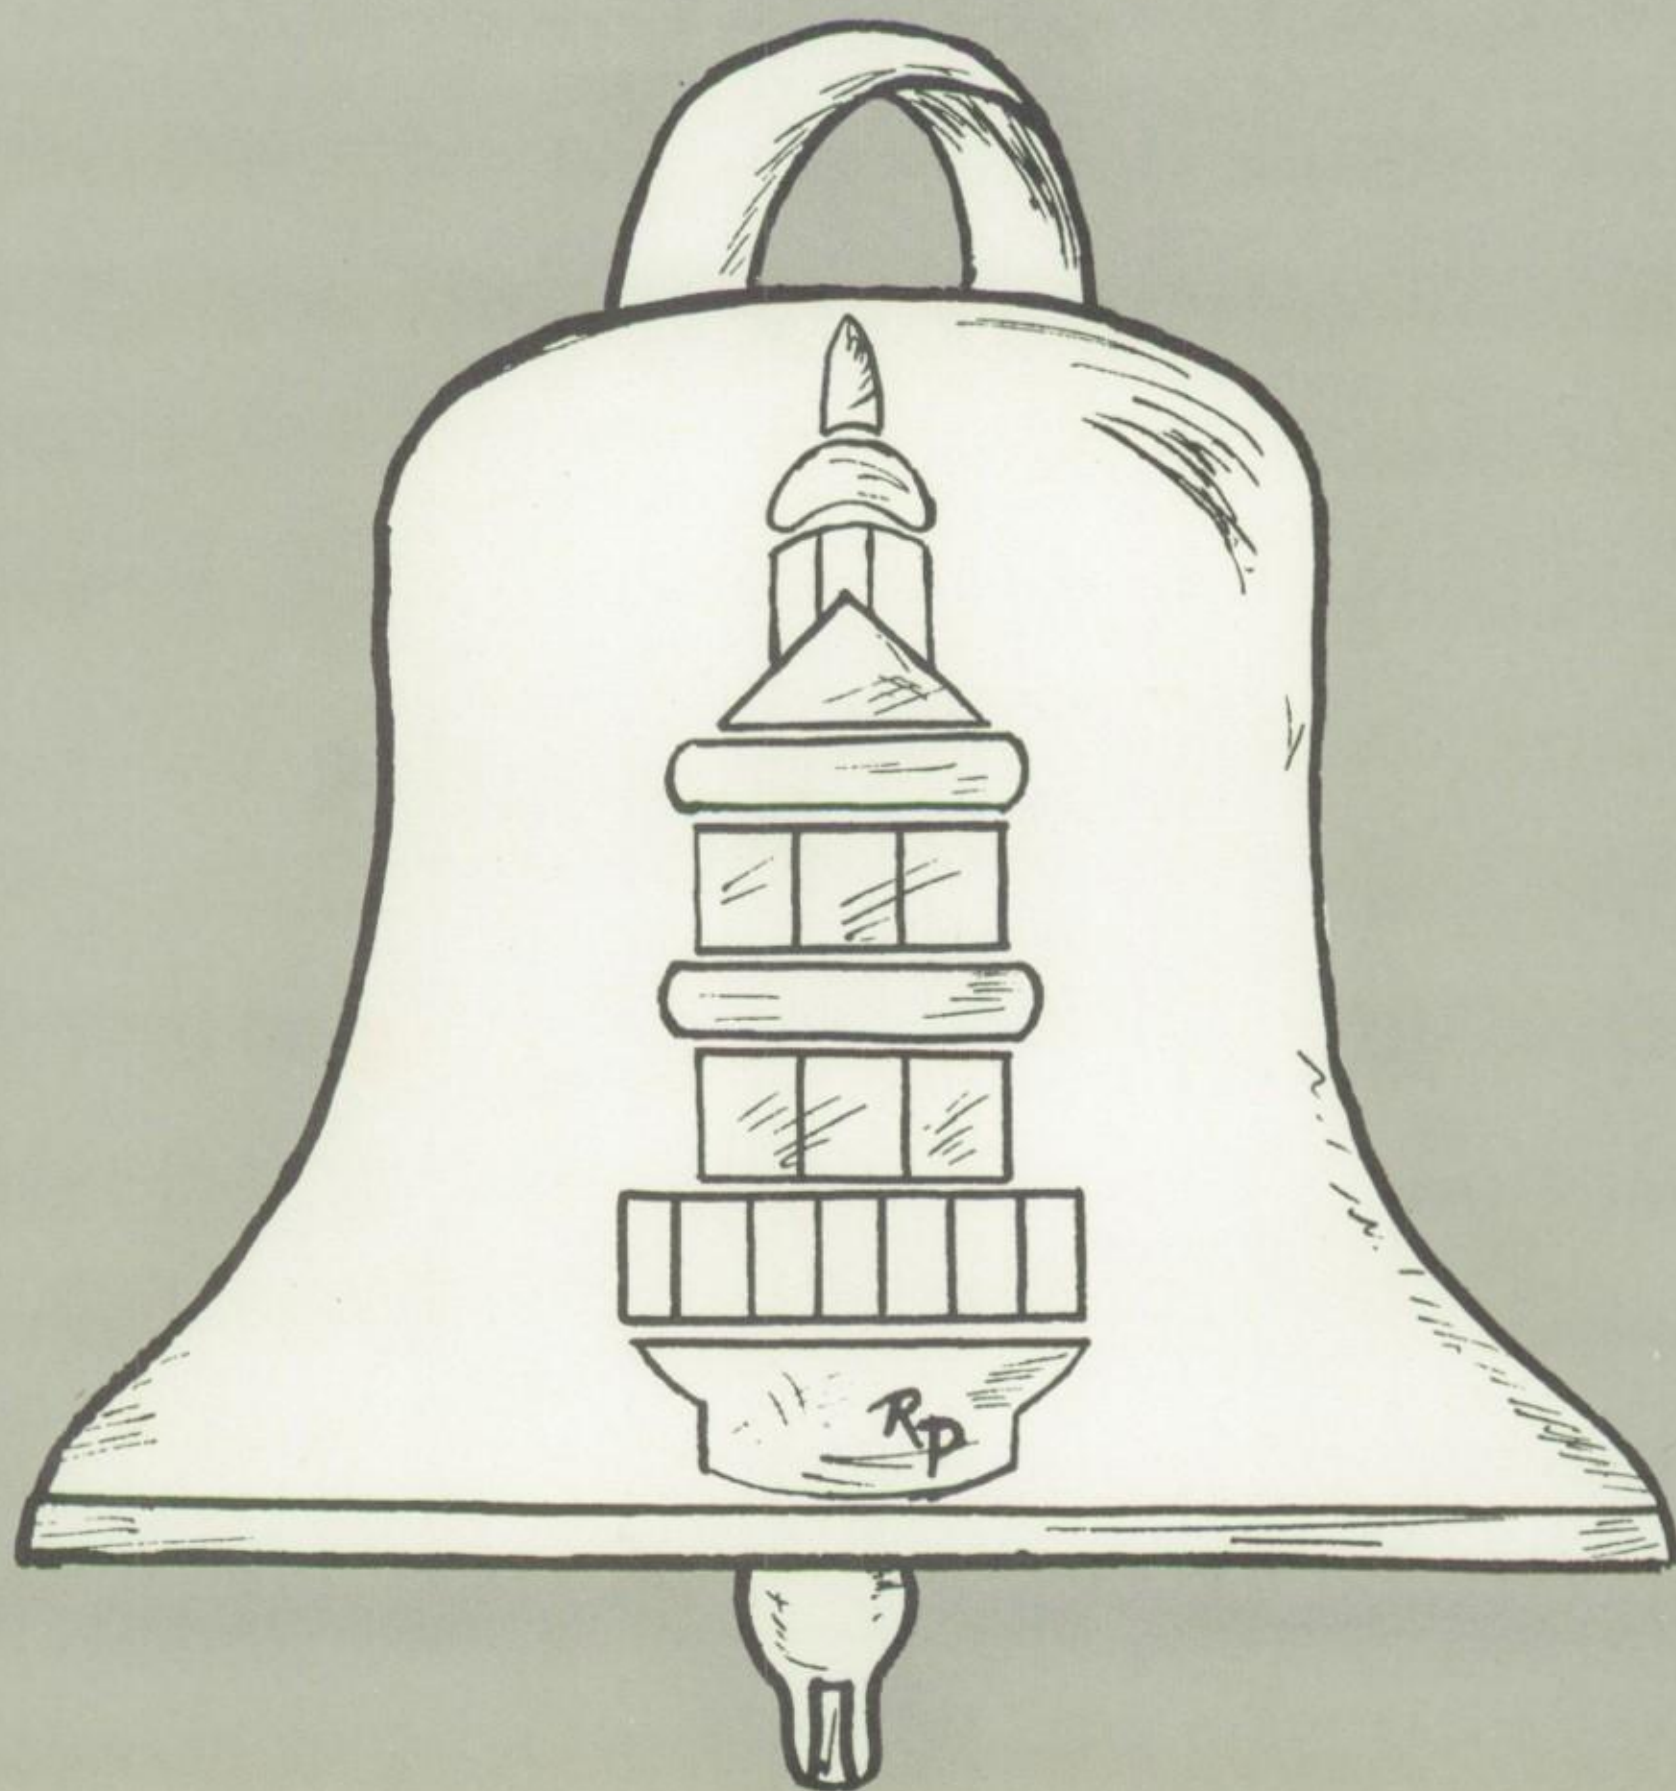

He was a just, modest, and decent American. He lived his life
as he played his sports, hard but cleanly, with the idea
always in mind to set a good example for his followers.

On January 24, 1955, Mr. Paul Mateyak departed to a fuller
and richer life. His absence touches the hearts of many
and leaves an emptiness in our school. The sure belief that God
has a greater need for him, eases the ache in our hearts.
We can do no less than to cherish his memory, for whatever
may have been his accomplishments, we are his inheritors.

ADMINISTRATION and FACULTY

MR. ERVIN R. FLETCHER
Superintendent of Schools

February 18, 1955

The Class of 1955 has the distinction of being the first one to graduate from the Port Jervis High School under the new Central School Organization of the City School District of the City of Port Jervis.

While you may not have been aware of the changes that have taken place in the schools of this community and vicinity during this past year, I am sure you realize that the foundation has been laid for an era in the educational opportunities for the young people of this area in the years to come.

It is true that our high school this year and perhaps in the years to come will be serving this area as it has for many years in the past, since most of the young people from all of the district involved in this centralization have attended the Port Jervis High School. We used to call them non-residents. Now they are no longer non-residents but residents of our district, enjoying the same privileges, the same rights, the same opportunities and the same responsibilities.

With centralization of our schools will come new facilities, a broader educational program, increased enrollments and greater respect and deeper pride for this community and, due to these conditions, it is more than likely that we will see a growth in our population and our economic opportunities for all.

You probably have not thought of these things in this way, but in the years to come it is my belief that they will mean a great deal more to you than they do now. As you leave high school this June to take up other tasks as students, business men, housewives or just plain citizens, you will be assuming part of the obligation which is due those who have striven to provide for you. It will now be your turn to pull your share of the load and to assure those who are to come after you even greater opportunities educationally than perhaps those which you have had.

We hope that you will come back to your school often and that your interest in its welfare and progress will continue for we know that you will be worthy of our expectations.

Superintendent of Schools
Ervin R. Fletcher

This year the Student Council has strived for the betterment of our school and its students. Among the achievements of the Council was one of the largest Christmas food campaigns in many years, which made evident the generosity and good feeling of our students. The Student Council's main project this year was the production of an orientation film for the benefit of new students. This film includes information about various activities, classes and organizations of the school.

The annual Sadie Hawkins Dance took place in the spring. A Pep Club was organized for the purpose of creating good school spirit and sportsmanship at ball games. In many ways, the students, through the guidance of the Council, have improved their school and their own lives.

This year the cheerleaders took pride in the originality of their uniforms, which consisted of charcoal burmuda shorts, red-knee socks, and black sweaters.

The cheerleaders' biggest responsibility, during football season, was the organization of the Thanksgiving holiday assembly, which resulted in an increase of enthusiasm and spirit. On Thanksgiving Day, the cheerleaders wore the Indian head-dresses of the Red Raiders.

The cheerleaders' main goal was not only to increase school spirit, but also to promote better sportsmanship.
